

# HyperLite SumoStance BASE LADDER Fibreglass Series 2.0

*[Representative image of product]*

## Product Description

HyperLite® - Using a tall extension ladder can be intimidating, but with the right ladder, it doesn't have to be. The Little Giant® HyperLite® was designed with safety and ease of use in mind, so you can focus on the task-at-hand, rather than worrying about your ladder.

Lightweight - The HyperLite is an ultra-lightweight, non-conductive fibreglass ladder. Most extension ladders are incredibly heavy; and carrying them can cause injuries from the weight; but this ladder weighs up to 40 percent less than traditional fibreglass ladders.

Double Pulley - In the past, extension ladders? pulley systems were in the way and tough to use. We moved the pulley to the side of the ladder and incorporated double pulleys to make operation simple. Getting enough leverage to raise the ladder is fast and easy.

Levelling - Little-Known Fact: having your ladder level off by just 1 inch at the bottom causes a 9-inch lean at the top of a 19-foot ladder. If safety is the goal, and it should be, the bubble levels on the HyperLite are a useful tool to ensure that your ladder is level before climbing. Made with our patent-pending Hi-Viz green fibreglass, you can avoid incidents associated with walking or driving into the extension ladder.

### Optional Extras:

- Ground Cue® helps when descending the ladder, signaling when you have reached the bottom rung. With wide rungs, the ladder is more comfortable than others, decreasing foot fatigue from standing atop a ladder.
- SumoStance Fixings Kit - Add side-mounted stability bars to make the ladder stable when using on uneven ground.
- Lashings Rope & Cleat Kit - Working from telegraph poles is made safer when the ladder is securely fixed using a lashing rope and cleat.
- Pole Bow Fixings Kit - For use when working against telegraph poles, the pole bow helps clamp the ladder in place against the pole.

**\*\*PLEASE NOTE:** Dimensions/Features are not yet finalised and can be subject to changes without notice.\*\*

## Features

- Patent-pending HiViz Green from Little Giant greatly improves ladder visibility
- Side mounted, heavy-duty rope operated ladder for easier extending
- Lighter than comparable extension ladders
- Comfortable D-shaped rungs
- Dual-action feet - select spiked or rubber foot

## Specifications

- Brand: Little Giant Ladder Systems
- Warranty: 1-year
- Max Load: 150kg
- Standard: ANSI TYPE IA - EXTRA HEAVY DUTY
- Material: Fibreglass
- Commodity Code: 39269097
- Country of Origin: CN
- Recommended Usage: Intensive

## Common Dimensions

- Rung Depth: 35mm
- Distance Between Rungs: 300mm

## Packaging Material

- Cardboard Carton/Polywrap

## Availability & Delivery

- Stock item. Bulky delivery up to 7 days.  
(See exceptions, if applicable, overleaf)

# HyperLite SumoStance BASE LADDER Fibreglass Series 2.0

## Product Dimensions

SKU	Rungs /Sections	Last Climbing Height (mm)	Approx. Working Height <sup>†</sup> (mm)	Closed Length (mm)	Extended Length (mm)	Width (mm)	Stabiliser Bar Width (mm)	Depth (mm)	Nett Weight (kg)
1304-082	12 x 2	5223	7173	3658	6510	445	N/A	152	21.3
1304-083	14 x 2	6591	8541	4267	8534	445	N/A	152	24.5 <sup>†</sup>

Where applicable, Approx. Working Height<sup>†</sup> is an approximate calculation of 1,950mm (6'4") plus platform height or last climbing tread, whichever is appropriate.  
Ladders set at an angle of ~75° degrees.  
\* Ladder not supplied with Stabiliser Bar.  
<sup>†</sup> Heavy Item – 2-person lift required.

## Shipping Dimensions

SKU	Shipping Length (mm)	Shipping Width (mm)	Shipping Depth (mm)	Shipping Volume (m³)	Gross Weight (kg)
1304-082	3808	545	252	0.523	24.8 <sup>†</sup>
1304-083	4417	545	252	0.607	28.2 <sup>†</sup>

<sup>†</sup> Heavy Item – 2-person lift required.
